STATE OF MAINE

CUMBERLAND, SS.

*To Samuel Larrabee, a constable in the town of Windham
in said county.*

GREETING:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the said town of Windham, qualified to vote in town affairs, to assemble at the town house in said town on Monday, the sixth day of March, A. D. 1911, at nine o'clock in the forenoon, to act on the following articles, to wit:

- 1st. To choose a Moderator to preside at said meeting.
- 2d. To see if the town will elect one or more Road Commissioners.
- 3d. To choose all necessary town officers. Polls to open at 9 o'clock, A.M., and close at 1.30 o'clock P.M.
- 4th. To see if the town will vote to accept the report of the town officers.
- 5th. To see what sum of money the town will raise for the repair of roads.
- 6th. To see what sum of money the town will raise for bridges, culverts and improvements.
- 7th. To see if the town will vote "yes" or "no" upon the adoption of the provisions of Chapter 112 of the Public Laws of Maine for the year 1907, as amended by Chapter 69, Public Laws of 1909, relating to the appropriation of money to entitle the town to State aid for highways for the year 1911.

8th. To see if the town will raise and appropriate in addition to the amount regularly raised and appropriated for the care of ways and highways and bridges, the sum of five hundred and fifty dollars,(\$550.00) being the maximum amount which the town is allowed to raise, under the provisions of Chapter 112 of the Public Laws of Maine for the year 1907, as amended by Chapter 69 Public Laws of 1909.

9th. To see what sum of money the town will raise for the support of Poor.

10th. To see what sum of money the town will raise for contingent expenses.

11th. To see what sum of money the town will raise to pay Collector's commissioners and abatements.

12th. To see what per cent. the town will allow the Collector for the collection of taxes.

13th. To see what sum of money the town will raise to pay town officers.

14th. To see what sum of money the town will raise for the observance of Memorial Day, the same to be expended by Larry Post, No. 57, G. A. R.

15th. To see what the town will vote to pay the Road commissioners per day, and how much if anything for travel.

16th. To see if the town will vote to raise one hundred and forty-six dollars and forty cents,(\$146.40) to pay interest on local school fund.

17th. To see what sum of money the town will raise for support of schools.

18th. To see what sum of money the town will raise for support of high school.

19th. To see what sum of money the town will raise for text-books.

20th. To see what sum of money the town will raise for fuel for schools.

21st. To see what sum of money the town will raise for supplies for schools.

22nd. To see what sum of money the town will raise for repairs of school buildings.

23rd. To see what sum of money the town will raise for Janitor services.

24th. To see what sum of money the town will raise for the care of cemeteries.

25th. To see if the town will vote to authorize the Selectmen and Treasurer to make a temporary loan in anticipation of taxes if needed.

26th. To see what sum of money the town will raise to pay snow bills.

27th. To see what sum of money the town will raise to destroy brown-tail moth nests in the highways.

28th. To see if the town will raise the sum of two hundred and seventy-five dollars,(\$275.00) to pay the interest on town debt.

29th. To see if the town will accept the sum of seventy-five dollars for the perpetual care of lot of the late Margarate Hunnewell, in the Anderson Cemetery.

30th. To see if the town will vote to instruct the Selectmen to let the building of the State road out by contract.

31st. To see what action the town will take in regard to the delinquent tax of the E. I. Dupont de Nemours Powder Co.

32nd. To see if the town will vote to raise the sum of two hundred dollars, (\$200.00) to raise the grade of the road in the hollow beyond the Oliver Robinson place, up

with that of Rail Road Co., and repair the hill beyond, going south, by petition.

33rd. To see if the town will vote to raise and appropriate a sum not exceeding twenty dollars, (\$20.00) to purchase land to enlarge the school lot at Windham Hill.

34th. To see if the town will vote to continue the present arrangement of the Windham Center School.

35th. To see what recommendation the town will give the Superintending School Committee in regard to the transporting of scholars.

36th. To see if the town will vote to move the Friends school house, so called, on to the town lot opposite the Friends Meeting House.

37th. To see if the town will vote to sell the Windham Center School House.

38th. To see if the town will instruct the Superintending School Committee to continue the present union, or to form any other union, for the superintendency of schools.

39th. To see what action the town will take in regard to the insuring School buildings and raise money for the same.

40th. To see if the town will vote to re-open White School, so called, by recommendation of the S. S. Committee.

41st. To see if the town will vote to raise money to put in water, flush closets and install a furnace in the John A. Andrews School House, at So. Windham.

42nd. To see if the town will vote to buy a roller to be used on river road, and raise money for same.

43rd. To see if the town will vote to raise the sum of one hundred and fifty dollars to enlarge and fence the North Windham Cemetery.

The original warrant will close Thursday, February 23, 1911.

Respectfully submitted,

JOHN N. SWETT, *Treasurer.*

Auditor's Report

I hereby certify that I have examined the books and papers from which the foregoing report of the officers of the Town of Windham is made and find them correct in computation and properly vouched, except approval of one transportation bill under Mr. Lambert as superintendent in favor of Foster Bros., Trustee.

All orders received and paid by the Treasurer have been cancelled and placed on file in the office of the Selectmen.

I also certify that the note given by the Treasurer and Selectmen according to a vote of the town for a temporary loan of three thousand (\$3,000) dollars has been paid; and has been destroyed in the presence of the Treasurer, Selectmen and myself.

Respectfully,

WM. C. HAWKES.

Windham, Feb. 10, 1911.

School Report

*To the Superintending School Committee and Citizens of
Windham*

The whole number of pupils in Windham, between the ages of 5 and 21, on April 1, 1910, was	465
Whole number attending Spring Term,	351
Average number attending Spring Term,	298
Whole number attending Fall Term,	360
Average number attending Fall Term,	308

It is not possible to give the statistical report for the winter term, because this report is called for before the winter term has closed.

The teachers have, on the whole, done satisfactory work. Only one has been employed, who has not had previous experience in teaching, and 37 per cent. of them are graduates of normal schools or colleges.

The interest and work of the pupils has, as usual, been nearly in proportion to the interest and effort of the teachers, although the attitude of the parents also has its effect.

It is a question of ever increasing difficulty to procure satisfactory teachers for the amount of money placed at the disposal of the school officials, and one of the greatest assets that a superintendent can possess is a wide acquaintance with teachers and other superintendents.

COURSE OF STUDY.

The course of study now in use in the common schools has, no doubt, served well its day and generation, but many new and better books and methods have come into existence since this course of study was arranged. It ought, therefore, to be re-arranged so as to give the schools the benefit of these improved books and methods.

COST OF TEACHING AND CONVEYING.

At the suggestion of the superintending school committee, there is appended a list which shows the cost a week per pupil for teaching and conveying in each school during the spring and fall terms.

	Spring Term	Fall Term
Anderson	.53	.61
Andrew Grammar	.75	.66
Andrew Primary	.29	.28
Newhall	.47	.44
Windham Hill	.72	.62
Knight	.41	.52
Bodge	.61	.61
Ireland	.46	.48
Plains	.60	.60
Arlington Grammar	.42	.65
Arlington Primary	.44	.39
Friends	.39	.41
Center (at White)	.82	.80

TEXT BOOKS.

Only those text-books have been bought which were absolutely necessary. This policy has been pursued for two reasons.

1. Maps are needed in many of the school rooms, and, by saving some money from this year's appropriation and by taking some from next year's, it will be possible to purchase these maps without increasing the appropriation.

2. In some instances the text-books now used ought to be changed and money spent for books that are soon to be discarded would be nearly wasted.

CONVEYING OF PUPILS.

One of the hardest problems coming before the superintending school committee for adjustment is that of conveying the pupils who live at a distance from the school

houses. The distance, condition of the roads, age and physical condition of the pupils all have to be considered and it sometimes seems as though it were impossible to adjust the matter with impartiality and, at the same time, satisfactorily to all concerned. Parents hesitate to send their children in conveyances that do not afford safe and adequate protection from inclement weather, and those who do the conveying hesitate to buy expensive equipments which they have no assurance of being able to use for more than a term or even a year. In some localities it has proved a satisfactory arrangement for the towns to purchase suitable covered carriages and then hire the pupils conveyed in these carriages.

THE UNION OF TOWNS.

The joint committee, composed of the superintending school committees of Windham, Gray and New Gloucester, met in March and re-elected Mr. Jesse W. Lambert as superintendent of schools for another year, but early in May, Mr. Lambert's resignation made it necessary for them to meet again. They elected as his successor, Chas. B. Lamb.

At the coming annual town meeting it will be necessary to consider whether or not it is advisable to continue this union, or form another one, or return to the old system of school superintendence.

HIGH SCHOOL.

This has been the banner year in the history of the High School, for it has witnessed the erection of a building adequate to the needs of the school.

At the last annual town meeting it was voted to purchase a lot at Windham Center and build thereon a suitable building for a high school, and \$8000 was raised for this purpose. The lot was purchased and the building erected, under the supervision of the selectmen, for a sum of money practically within this appropriation and on November 28, 1910, the building was dedicated with appropriate exercises.

Both the approval of the people and the popularity of the principal have been shown by the generous gifts which have come to the school since the completion of the new building.

Most faithful work has been done, both by Mr. Henderson and by Miss Weed, but the standard of high school work throughout the State is being continually raised, and both teachers have been overworked in trying to meet these increasing demands.

When this high school was last approved, it was stated very plainly by the State Superintendent of Schools that the preparation in the lower schools must be more thorough. This need can be met in part by insisting on more careful teaching, grading and promotion in the common schools, but it is hard to arouse much enthusiasm in a class of one or two pupils, and, where nearly all grades are represented in a school, a teacher cannot give a great amount of attention to the pupils of any one grade. I would, therefore, recommend for the careful consideration of the voters of the town at the next annual town meeting, the desirability of putting into the High School, a third teacher, who can spend a part of her time in doing ninth grade work, and then allowing all pupils, who desire to do so, to take their ninth grade work in the High School building.

The State authorities demand a re-arrangement of the courses of study in the High School and this matter will receive attention, when the school is next inspected by the State inspector of high schools.

CONCLUSION.

In closing, allow me to acknowledge all courtesies extended to me and all assistance given me in the difficult task of taking up the superintendence of schools during a school year and carrying it forward until the end of the year.

The superintending school committee recommend that

the following amounts of money be appropriated at the next annual town meeting:

Common Schools,	\$2,000 00
High School,	1,100 00
Text books,	350 00
Supplies,	350 00
Janitors,	375 00
Fuel,	475 00
Repairs,	300 00

Respectfully submitted,

CHAS. B. LAMB.

STATE OF MAINE.

*To Albert E. Cook, a constable in the town of Windham,
in said county.*

GREETING:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the said town of Windham, qualified by law to vote in town affairs, to assemble at the town house in said town on Monday, the fourth day of March, A. D. 1912, at nine o'clock in the forenoon, to act on the following articles, to wit:

- 1st. To choose a Moderator to preside at said meeting.
- 2d. To see if the town will vote to elect one or more Road Commissioners.
- 3d. To choose all necessary town officers. Polls to open at 9 o'clock, A. M., and close at 1.30 o'clock, P.M.
- 4th. To see if the town will vote to accept the report of the town officers.
- 5th. To see what sum of money the town will raise for the repair of roads.
- 6th. To see what sum of money the town will raise for bridges and culverts.
- 7th. To see if the town will vote "yes" or "no" upon the adoption of the provisions of Chapter 112 of the Public Laws of Maine for the year 1907, as amended by Chapter 69, Public Laws of 1909, relating to the appropriation of money necessary to entitle the town to State aid for highways for the year 1912.

8th. To see if the town will raise and appropriate, in addition to the amounts regularly raised and appropriated for the care of ways, highways and bridges, the sum of five hundred and fifty dollars. (\$550.00) being the maximum amount which the town is allowed to raise, under the provisions of Chapter 112 of the Public Laws of Maine, for the year 1907, as amended by Chapter 69 Public Laws of 1909.

9th. To see what sum of money the town will raise for support of Poor.

10th. To see what sum of money the town will raise for contingent expenses.

11th. To see what sum of money the town will raise to pay Collector's commissions and abatements.

12th. To see what per cent. the town will allow the Collector for collection of taxes.

13th. To see what sum of money the town will raise to pay town officers.

14th. To see what sum of money the town will raise for the observance of Memorial Day, the same to be expended by Larry Post, No. 57, G. A. R.

15th. To see what the town will vote to pay the Road Commissioners per day, and how much if anything for travel.

16th. To see if the town will vote to raise one hundred and forty-six dollars and forty cents, (\$146.40) to pay interest on local school fund.

17th. To see what sum of money the town will raise for support of schools.

18th. To see what sum of money the town will raise for support of high school.

19th. To see what sum of money the town will raise for text books.

20th. To see what sum of money the town will raise for fuel for schools.

21st. To see what sum of money the town will raise for supplies for schools.

22nd. To see what sum of money the town will raise for repair of school buildings.

23rd. To see what sum of money the town will raise for Janitor's services.

24th. To see what sum of money the town will raise for the care of cemeteries.

25th. To see if the town will vote to authorize the Selectmen and Treasurer to make a temporary loan in anticipation of taxes if needed.

26th. To see what sum of money the town will raise to pay snow bills.

27th. To see what sum of money the town will raise to destroy brown-tail moth nests in the highways.

28th. To see if the town will vote to raise the sum of two thousand dollars, (\$2,000) to pay on town debt.

29th. To see if the town will vote to raise the sum of two hundred dollars, (\$200) to pay interest on town debt.

30th. To see if the town will vote to authorize the Superintending School Committee to use the money received from the sale of hay and apples on the High School lot, for the years 1911-12, to install electric lights in the High School building, the high school students to annually pay for the lighting.

31st. To see if the town will vote to appropriate two hundred and fifty dollars, (\$250) to build a stable on high school lot for stabling horses of the students, said students to pay two dollars per term for the use of each stall.

32nd. To see if the town will vote to appropriate the sum of one hundred dollars, (\$100) to lay new floors and procure new seats for the Kennard school house.

The original warrant will close Saturday, February 24, 1912.

Respectfully submitted,

JOHN N. SWETT, *Treasurer.*

Auditor's Report

I hereby certify that I have examined the books and papers from which the foregoing report of the officers of the Town of Windham is made and find them correct in computation and properly vouched.

All orders received and paid by the Treasurer have been cancelled and placed on file in the office of the Selectmen.

I also certify that the notes given, one for a temporary loan of five thousand (\$5000.) dollars; and the high school building note of two thousand (\$2000.) dollars have both been paid and have been destroyed in the presence of the Treasurer and Selectmen.

Respectfully,

WM. C. HAWKES, *Auditor.*

Windham, Feb. 7, 1912.

School Report

To the Citizens of Windham:

The following annual report of the public schools of Windham is hereby respectfully submitted, as required by the Laws of the State of Maine.

The whole number of children between the ages of five and twenty-one years on April 1st, 1911, was 467, of that number 234 were boys and 233 girls.

The whole number of pupils enrolled in the schools during the year is 389.

The school year consisted of thirty-two weeks for the common schools and thirty-six for the high school.

It will be noticed in our financial report that no balances in favor or against the town have been brought forward from last year's accounts excepting the common and high schools. The reason for this is that the S. S. Committee at the beginning of the school year, after making a careful examination of the Superintendent's records, voted to open new accounts, with the exception of those mentioned.

For this reason the accounts begin with the appropriation for 1911 and all show a balance in favor of the town excepting that of the fuel which shows a deficit of \$17.06.

It is very gratifying as we look over the past school year and note the interest and enthusiasm of the teachers and pupils. This is brought about through various ways, one of the most important of which is procuring the services of more efficient teachers to which end the S. S. Committee and Superintendent have labored harmoniously.

The influence of the High School upon the lower grades is being felt more and more each year as shown by the anxiety of the pupils when the tests for rank are given.

It is a pleasure to say that there has not been a failure on the part of our teaching force during our entire year.

Only one received adverse criticism worthy the notice of the superintendent and that was caused by outside influences rather than the fault of the teacher, so that very good results were obtained.

If parents would only realize the assistance they might be to the teacher and school by co-operation, it would seem to us that trouble from that source would never arise.

A number of unavoidable changes have been made in our teachers the past year, but none to the detriment of the schools more than would naturally arise from those conditions.

We all know from observation and experience that a good teacher cannot do his best work until he has become thoroughly acquainted with the pupils and the work of the school.

During the year music and drawing have been introduced where they were not a part of the exercises before.

If the teachers fully comprehended the influence of singing at the opening exercises on the day's work they would be more enthusiastic over it and make it the most enjoyable part of the day's curriculum.

The most of our teachers are trained for their profession either by a training course or have become proficient by experience and study of modern methods.

Teaching is a profession, and every teacher should study to make himself approved "A workman that needeth not to be ashamed".

HIGH SCHOOL.

We are glad to note the interest and enthusiasm expressed in our High School among the pupils and teachers.

The same teachers were employed during the spring term that have been in the school the past three years. These were Mr. O. J. B. Henderson of Rhode Island and Miss Abbie F. Weed of Portland. At the close of the spring term the resignation of Mr. Henderson was received and accepted by the superintending school committee with deep regret.

The efficient and aggressive work of these teachers cannot be too highly estimated.

The services of Mr. Carl R. Purinton of Bath were secured for the fall and winter terms. Mr. Purinton and Miss Weed have worked in perfect harmony and have kept the school up to its high standing.

Mr. Taylor, the State High School inspector, at his last visit in January spoke very highly of the work of the school and of the great advantages of the new building.

Concerning school appropriations and improvements the superintending school committee make the following suggestions and recommendations:

Amount raised for Common Schools,	\$1,800 00
Amount raised for High School,	1,000 00
Amount raised for general repairs,	300 00

Amount raised for Kennard school house,	100 00
Amount raised for fuel,	500 00
Amount raised for supplies,	250 00
Amount raised for text books,	350 00
Amount raised for janitors' services,	400 00

That the town raise the sum of \$250 for the purpose of building a suitable shed for stabling horses for the use of High School pupils, and that the sum of \$2 per term be charged for each stall used.

That the income from the hay and apples grown on the High School lot for the years 1911 and 1912 be used for the purpose of installing electric lights in the High School building, the same to be maintained by the school after being properly installed.

That the town authorize the superintending school committee to make such restrictions and regulations as it thinks necessary for safety, in regard to smoking in or around the High School building.

Respectfully,

H. C. HAWKES, *Supt.*

COURSE OF STUDY OFFERED BY THE WINDHAM HIGH SCHOOL.

FIRST YEAR.

Required: English (5), Algebra (5), Ancient History (5).

Elective: Latin (5), Science (5).

SECOND YEAR.

Required: English (5), Geometry (5).

Elective: Latin (5), French (5), *Book-keeping (5), §Commercial Arithmetic (5).

THIRD YEAR.

Required: English (4), *Algebra (5), §Botany or Solid Geometry (5).

Elective: Latin (5), French (5), Physics (5), English History (5).

FOURTH YEAR.

Required: English (4), Review Mathematics (3)

Elective: Latin (5), Chemistry (5), Political Economy (5), *American History (5), §Civics (5).

Figures after each subject indicate number of recitations a week.

*Two terms. §One term.

Arrangements are being made for a course in drawing.

Two declamations or recitations a term are required of each pupil.

STATE OF MAINE

CUMBERLAND, SS.

*To Samuel Larrabee, a constable in the town of Windham,
in said county.*

GREETING:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the said town of Windham, qualified by law to vote in town affairs, to assemble at the town house in said town on Monday, the third day of March, A. D. 1913, at nine o'clock in the forenoon, to act on the following articles, to wit:

1st. To choose a Moderator to preside at said meeting.

2nd. To see if the town will elect one or more Road Commissioners.

3rd. To choose all necessary town officers. Polls to open at 9 o'clock A. M., and close at 1.30 o'clock P. M.

4th. To see if the town will vote to accept the report of the town officers.

5th. To see what sum of money the town will raise for the repair of roads.

6th. To see what sum of money the town will raise for bridges and culverts.

7th. To see if the town will vote "yes" or "no" upon the adoption of the provisions of Chapter 112 of the Public Laws of Maine for the year 1907, as amended by Chapter 69, Public Laws of 1909, relating to the appropriation of money necessary to entitle the town to State aid for highways for the year 1913.

8th. To see if the town will raise and appropriate, in

addition to the amounts regularly raised and appropriated for the care of ways, highways and bridges, the sum of five hundred and fifty dollars (\$550.00) being the maximum amount which the town is allowed to raise under the provisions of Chapter 112 of the Public Laws of Maine, for the year 1907, as amended by Chapter 69, Public Laws of 1909.

9th. To see what sum of money the town will raise for support of poor.

10th. To see what sum of money the town will raise for contingent expenses.

11th. To see what sum of money the town will raise to pay Collector's commissions and abatements.

12th. Too see what per cent. the town will allow the Collector for collection of taxes.

13th. Too see what sum of money the town will raise to pay town officers.

14th. To see what sum of money the town will raise for the observance of Memorial Day, and how the same shall be expended.

15th. Too see what the town will vote to pay the Road Commissioners per day, and how much if anything for travel.

16th. To see if the town will vote to raise one hundred and forty-six dollars and forty cents (\$146.40) to pay interest on local school fund.

17th. To see what sum of money the town will raise for the support of schools. (Recommend \$1,800.)

18th. To see what sum of money the town will raise for support of high school. (Recommend \$1,000.)

19th. To see what sum of money the town will raise for text books. (Recmmend \$450.)

20th. To see what sum of money the town will raise for fuel for schools. (Recommend \$350.)

21st. To see what sum of money the town will raise for supplies for schools. (Recommend \$300.)

22nd. To see what sum of money the town will raise for repair of school buildings, cleaning, etc. (Recommend \$200.)

23rd. To see what sum of money the town will raise for Janitor's services. (Recommend \$325.)

24th. To see what sum of money the town will raise for the care of cemeteries.

25th. To see if the town will vote to authorize the Selectmen and Treasurer to make a temporary loan in anticipation of taxes if needed.

26th. To see what sum of money the town will raise to pay snow bills.

27th. To see what sum of money the town will raise to destroy brown-tail moth nests.

28th. To see if the town will vote to raise the sum of two thousand dollars (\$2,000) to pay note due Nov. 1st on High School building.

29th. To see if the town will vote to raise the sum of one hundred dollars (\$100) to pay interest on High School Building note.

30th. To see what sum of money the town will raise for painting the following school houses, Bodge, White, Hill, Friends and Plains. (Recommend \$150.)

31st. To see what additional sum of money the town will raise for repairs at Kennard School. (Recommend \$175.)

32nd. To see what sum of money the town will raise for shed and cloests at Knight school (Recommend \$125.)

33rd. To see what sum of money the town will raise for repairs at Anderson school. (Recommend \$100.)

34th. To see what sum of money the town will raise for new floors and stairs at J. A. Andrews school. (Recommend \$250.)

35th. To see what sum of money the town will raise for repairs at Arlington school. (Recommend \$125.)

36th. To see what sum of money the town will raise for fencing high school lot.

37th. To see what sum of money the town will raise for seats for High School Hall. (Recommend \$100.)

38th. To see if the town will vote to put in one or more modern heaters at John A. Andrews school and raise money for the same.

Auditor's Report

I hereby certify that I have examined the accounts of the Selectmen and Treasurer of the Town of Windham for the year ending Feb. 1, 1913.

The Treasurer's accounts show that the orders drawn have been properly paid and cancelled. The receipted bills and cancelled orders have been duly examined and found correct and are now on file in the office of the Selectmen.

I also certify that the two notes due Nov. 1, 1912 for one thousand (\$1000) dollars each on the High School building account have been duly paid and have been destroyed in the presence of the Treasurer and Selectmen.

Respectfully submitted,

WM. C. HAWKES, *Auditor.*

Windham, February 6, 1913.

School Report

To the Citizens of Windham:

The following annual report of the public schools of Windham is hereby respectfully submitted as required by the laws of the State of Maine.

The whole number of children between the ages of five and twenty-one years on April 1st, 1912, was 491.

The school year consisted of thirty-three weeks for the common schools and thirty-six for the High School.

[illegible]

It is very gratifying as we look over the school work of the past year, to note the interest manifested by the teachers and pupils, not having a failure during this period, which we consider a good record when we are running sixteen schools with nineteen teachers. This is due largely to the untiring efforts of the school board in their selection and election of efficient teachers who have shown their appreciation by putting forth their best endeavors.

Our teachers are awake to the fact that their duties do not cease when they leave the school at night but that their example outside of school has a wonderful influence in making the school what it should be.

We have at present six normal graduates among our teachers and a number who have taken summer school courses.

Trained teachers are coming to the front in our public schools and should be recognized by the Superintending School Committee as being the best equipped for their profession.

A number of unavoidable changes have been made in our teaching staff the past year, though not detrimental to any great degree, yet it must be admitted, however, that a change of teachers during the year retards the progress of the school more or less. For this reason care should be taken to elect teachers who will remain at least one year in the same school if satisfactory to the School Board.

Our town has been very liberal in its appropriations to make our schools what the public demands, but we find the repair money inadequate to put the school-houses in as attractive and sanitary condition as the times in which we are living require.

HIGH SCHOOL

We are glad to note that they no longer regard our High School as an experiment, but as a stern reality, as shown by their willingness to appropriate the necessary funds to carry on the work most efficiently.

At the close of the spring term the resignation of Mr. Carl R. Purinton was received and accepted by the S. S. Committee and Mr. Leslie A. Bailey was elected to fill the

vacancy. Mr. Bailey has proved an efficient teacher and has kept the school up to its former standing.

At the beginning of the fall term an agricultural course was introduced by the School Board which has created considerable enthusiasm among those taking it. We believe this is a step in the right direction especially for those pupils coming from rural sections.

The introduction of a third course demanded the assistance of a third teacher and Miss Elizabeth Smith, a recent graduate of Holyoke College, was elected second assistant.

This much needed addition to the course of study has proved very satisfactory.

During the past year some very important changes have been made in the laboratory and considerable additional equipment has been purchased including a fine compound microscope which the school should greatly appreciate.

Respectfully,

H. C. HAWKES, *Supt.*

STATE OF MAINE

CUMBERLAND, SS.

*To Nathan J. Allen, a Constable in the Town of Windham,
in said County.*

GREETING :

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the said town of Windham, qualified by law to vote in town affairs, to assemble at the town house in said town on Monday, the second day of March, A.D. 1914, at nine o'clock in the forenoon to act on the following articles, to wit:

ARTICLE 1st. To choose a Moderator to preside at said meeting.

2nd. To choose all necessary town officers. Polls to open at 9 o'clock, A.M., and close at 1.30 o'clock P.M.

3rd. To see if the town will vote to accept the report of the town officers.

4th. To see what sum of money the town will raise for repair of roads.

5th. To see what sum of money the town will raise for bridges and culverts.

6th. To see what sum of money the town will raise for support of poor.

7th. To see what sum of money the town will raise for contingent expenses.

8th. To see what sum of money the town will raise for Collector's commissions, and abatements.

9th. To see what per cent. the town will allow the Collector for collection of taxes.

10th. To see what sum of money the town will raise to pay town officers.

11th. To see what sum of money the town will raise for Memorial Day, and how the same shall be expended.

12th. To see what the town will pay Road Commissioners per day, and how much, if anything, for travel.

13th. To see if the town will vote to raise one hundred and forty-six dollars and forty cents (\$146.40) to pay interest on local school fund.

14th. To see what sum of money the town will raise for the support of common schools.

15th. To see what sum of money the town will raise for the support of high school.

16th. To see what sum of money the town will raise for text books.

17th. To see what sum of money the town will raise for fuel for schools.

18th. To see what sum of money the town will raise for supplies for schools.

19th. To see what sum of money the town will raise for repairs and cleaning school buildings.

20th. To see what sum of money the town will raise for Janitors' services.

21st. To see what sum of money the town will raise for the care and fencing of cemeteries.

22nd. To see what sum of money the town will raise to pay snow bills.

23rd. To see if the town will authorize the Selectmen and Treasurer to make a temporary loan in anticipation of taxes if needed.

24th. To see if the town will vote to raise a sum of money to reimburse the Treasury for the amount expended in excess of what was raised for destroying Browntail moth nests, for the year 1913.

25th. To see what sum of money the town will raise to pay for destroying Browntail moth nests for the ensuing year.

26th. To see if the town will vote to have one or more Road Commissioners for the ensuing year.

27th. To see if the town will vote yes or no on the question of appropriating and raising money necessary to entitle the town to State aid, as provided in Section 20 of Chapter 130 of the Public Laws of 1913.

28th. To see if the town will appropriate and raise the sum of \$732 for the improvement of the section of State aid road as outlined in the report of the State Highway Commission, in addition to the amounts regularly raised for the care of ways, highways and bridges, the above amount being the maximum which the town is allowed to raise under the provisions of Section 19 of Chapter 130 of the Public Laws of 1913.

29th. To see whether the town will vote to raise money, and what sum, for the maintenance of State highways during the ensuing year, within the limits of the town, under the provisions of Section 9 of Chapter 130 of the Public Laws of 1913.

30th. To see if the town will vote to reimburse Wm.

Waterhouse for poll tax paid for the year 1910, he then being over seventy years old.

31st. To see if the town will vote to accept the sum of one hundred dollars (\$100) from Ellen Harris Larrabee, the income to be used for the care of Frances Harris lot in Anderson Cemetery.

32nd. To see if the town will vote to accept the sum of three hundred and fifty dollars (\$350) bequeathed to the inhabitants of the town of Windham, by Margaret B. Hubbs, late of Portland, in her last will duly probated and allowed in the Probate Court for Cumberland County, Maine, the sum to be held by said town in trust, the income to be used annually for taking suitable care of the lots of Jacob H. Ward, Elbridge Ward, and Ichabod Ward in the Cemetery at North Windham, and the lot of Eben LeGrow in the Cemetery at East Windham, as fully appears by said will, and authorize the Selectmen to give due receipt for same.

33rd. To see if the town will accept the sum of one hundred and fifty dollars solicited by Geo. Hawkes, the income to be used annually for the care of lots in Chase Cemetery at Highland Cliff, also with the privilege of adding to the same.

34th. To see if the town will vote to enlarge high school stable and raise money for same.

35th. To see if the town will vote to put on a new bridge over Pleasant river near Chas. Hall's on State road and raise money for same.

36th. To see if the town will vote to raise the sum of \$150 to pay rental on hydrants, for the ensuing year.

37th. To see what sum of money the town will vote to raise for special repairs on school houses.

38th. To see what action the town will take for maintaining school at Bodge school.

39th. To see what action the town will take for maintaining school at Plains School.

40th. To see if the town will vote to purchase seats for high school hall and raise money for same.

41st. To see if the town will raise the sum of \$100 for a heater for the J. A. Andrews school.

42nd. To see if the town will vote to enlarge the Dolley Cemetery and raise money for same.

43rd. To see if the town will vote to buy a snow roller for the Plains District and raise money for the same.

44th. To see what action the town will take to have the Samuel T. Dole Manuscript (now owned by the town) published and raise money for the same.

45th. To see if the town will vote to raise money and how much to install and maintain electric lights at South Windham.

46th. To see if the town will vote to install a hydrant near the residence of Mrs. J. L. Robinson and raise money for same.

Balance against farm,		\$24 06

Mr. Pride did not care to take the farm for another year, so we have secured for Superintendent and Matron for the ensuing year Mr. and Mrs. Chas. A. Smith, and we hope and trust that they will give as good satisfaction as Mr. and Mrs. Pride have in the past. This year there is a small deficit shown against the farm, and we wish to say that this comes from a lack in the hay crop and other crops. Mr. Pride has bought and paid for three and one-half tons of hay in order to have enough to carry the stock through; he also turned over to Mr. Smith \$24.44 that he might have some money to start the new year with without getting in debt.

With our approval Mr. Pride has sold off the older cows that had passed their usefulness and bought and reared younger stock so that the stock is much more valuable.

Overdrawn,	760 13
	—————\$ 15,193 10

There is an overdraw of (\$760.13) seven hundred sixty dollars and thirteen cents, more than the appropriations. (\$663.43) six hundred sixty-three dollars and forty-three cents, is on account of Browntail moths and we estimate it will take (\$600) six hundred dollars more to finish this year's work, on account of being required by the State to have them destroyed earlier it brought two years' work in one.

Auditor's Report

I hereby certify that I have examined the accounts of the Selectmen and Treasurer of the Town of Windham for the year ending Feb. 1, 1914.

The Treasurer's accounts show that the orders drawn have been properly paid and cancelled. The receipted bills and cancelled orders have been duly examined and found correct and are now on file in the office of the Selectmen.

I also certify that the note due Nov. 1, 1913, for Two Thousand Dollars (\$2,000) on the High School building account has been paid and was destroyed in the presence of the Treasurer and Selectmen.

Also the note due on a temporary loan for Three Thousand Dollars (\$3,000) has been paid and destroyed in the presence of the Treasurer and Selectmen.

Respectfully submitted,

WM. K. FOSTER, *Auditor.*

Windham, February 9, 1914.

School Report

To A. H. Carvill, Superintendent of Schools, Windham, Maine.

Greeting:

Herewith is submitted a report of the present status of Windham High School, with suggestions for the development of a more democratic and community serving institution.

Very satisfactory results have thus far marked the school year '13-'14, and the spirit of good feeling and interest in study evinced by the student body, foretells future progress. Fewer students have left school than in former years, and average attendance has ranged high. The music course, recently introduced, has in many ways benefitted the school, and it is hoped that the growing demand for instruction in elocution and debate, may be efficiently met another year by suitable special courses along those lines.

The mission of the High School should be to adequately serve the community in which it is located. It has often been noticed that only a small percentage of those who enter ever graduate, and that a still smaller percentage of those who graduate ever continue their education in higher institutions of learning. There must be a reason for this deplorable fact. Can it not be found in the failure of the High School to offer courses suited to the needs of its patrons? At the present time three courses are offered, viz: Classical, English Scientific, and Agricultural. The latter course, recently organized, has already demonstrated its usefulness among certain of the boys; yet on account of varied individualities, there exists today a tre-

mendous need of more vocational courses such as, Manual Training for the boys and Domestic Science for the girls. The latter should be given the opportunity which is their due, if they are to get at High School that which will best serve them in later years. In order to permit an adjustment of matters so that the present needs of the school may be met without increasing the teaching staff, the following ways and means are advanced for your consideration.

First, more rigid entrance requirements would obviate the present necessity of offering grade subjects in the High School curriculum. An adhesion to such a principle would do much toward raising the standard of scholarship; for many of the students who have entered in past years have been by far too young to comprehensively master their subjects. Again, by the union of Classic and English courses, the College Preparatory course would still be offered, and in addition, girls would be enabled to elect studies in Domestic Science, or boys in Manual Training, after the fashion of the existing agricultural arrangement. Finally, a liberal appropriation should be advocated, to cover expenses which the introduction of the above mentioned courses would necessarily incur.

Among other current needs of the school may be mentioned additional stabling accommodations, while the installation of a water system and the readjustment of the heating apparatus are factors productive of economy which cannot be too strongly emphasized.

This opportunity is taken to express a sincere feeling of appreciation of your never failing interest in the school's welfare, of the School Board's hearty co-operation, and of the town people's loyalty to their progressing educational system.

Respectfully submitted,

G. N. WORDEN.

Windham, Maine, January 31, 1914.

To the Citizens of Windham:

I take pleasure in submitting to you my first annual report as Superintendent of Schools.

TEACHERS

During the fall and winter terms we have had no change in our teaching force. In the fall it was found necessary to engage seven new teachers to fill the positions caused by the resignation of teachers. I believe and hope that we shall have but few, if any, changes during the spring term. Many changes in teachers are detrimental to any school system. All but two of our teachers hold State certificates, six are normal graduates.

The success of the schools has been due to the hard and conscientious work of the teachers. They have proved to be a very pleasant and efficient corps of teachers and anxious to do anything to improve the schools.

TEACHERS' MEETINGS

We had two teachers' meetings during the fall term, and I hope to have another one during the winter term, as good interest has been manifested.

REPAIRS

During the past year the committee have had the Kennard and Anderson schoolhouses thoroughly repaired and much needed wood houses built for each. These buildings have had but little repairing for a long time, and as is apt to be the case under such circumstances, they were found to be in bad condition. The cost of repairing the Anderson schoolhouse was a little over three hundred dollars and the Kennard a little over six hundred. I would recommend that the school building at South Windham be thoroughly repaired, painted inside and out-

side, also small adjustable seats be purchased for the primary room. Running water should also be brought to the schoolhouse. To do all of this it would probably cost from five to seven hundred dollars, but all of this is much needed if not even more.

TEXT BOOKS

When entering upon my duties as superintendent, I found hundreds of books stored away in the different schoolhouses. These have been collected at the town house ready to be distributed when needed.

The Progressive Road to Reading is now being used for the first grade in all schools. This is a system of reading founded on phonics and extensively used in this State and elsewhere in both large and small towns.

It also has the advantage of having the same primer in all schools, so that a child in the first grade who changes school within the town, will find the same book in use in the new school as in the old school, also the same system. Thus no time need be wasted on a new book with a new vocabulary. No extensive changes in the text books have been made. It has been necessary to purchase a considerable number of books for the agricultural course at the High School and it will be necessary to do the same next year.

SUPPLIES

My motto with supplies has been, "All of the schools supplied all of the time with all of the supplies that the town furnishes, and none wasted."

Busy work and educational helps for the small children have this year been furnished. Believing that these aids were fully as necessary for the little folks, to make their work interesting and profitable, as books and other apparatus for the older pupils.

Sand boards have been furnished a few schools and the teachers are making excellent use of them.

At a cost of \$1.85 each, drinking fountains have been placed in all schoolhouses. Thus keeping the water from dust and dirt, this also allows each pupil to use an individual drinking cup.

SUMMARY

The purpose of the schools this year has been to be of the most use possible to the greatest number of pupils possible. I have always tried to keep in mind, that the schools are run for the children and have tried to find out and act upon what has been for their good.

The salaries of teachers are steadily advancing and, the coming year, it is expected that they will again advance throughout the State, as all teachers after Sept. 1, 1914, will be required to hold State certificates.

I wish parents would more frequently visit the schools, as the best work cannot be done without co-operation of the parents.

The agricultural course at the High School is now well under way, doing excellent work with a graduate of the State Agricultural College at its head.

Music has been taught in many of our schools. Miss Marion Johnson of Portland has charge of the music at the High School. In the other schools teachers who could teach music have been supplied with books.

Attention is called to the small average attendance at the Bodge school, 6+. Also to the small average at the Plains, 7+, last spring and 11 this fall. During the fall three of the eleven came from another district with the teacher. Running a school for so few pupils is not profitable.

I would consider it a favor if the citizens of Windham, who have accounts against the town, would send all bills at least once a month to me.

In accordance with resolutions passed at the conference of superintendents at Castine, the past summer, all teachers in Windham and Raymond have been required to remain at the school buildings during the noon hour. This does not mean that the children of these two towns or of Maine are any different than in years gone by, but merely that children are to be more carefully looked after.

The Sophronia M. Hopkins Society for the Prevention of Cruelty to Animals of Gardiner has presented me with fifty-one books for use in the schools of Windham and Raymond. This will furnish a beginning for a school library. Books that others may wish to donate to the schools will be gratefully received and carefully cared for.

I wish to take this opportunity to thank the committee for giving so freely of their time to school matters, and for their kind and helpful co-operation.

I wish also to express my appreciation of the work done by teachers and pupils which I believe ranks well with other towns.

In closing I would also mention the kind and courteous treatment always received at the hands of the town's people. I have always found them interested in the schools, reasonable in their demands and ready to support the schools financially.

Respectfully submitted,

ALONZO H. CARVILL, *Supt. of Schools.*

Unexpended balance end of winter term,	68 08	
	—————	\$ 382 60

The Superintendent's financial report this year does not agree with the Selectmen's report as their books were not closed at the same time last year.

On behalf of the school board, I make the following recommendations for appropriations:

Common schools,	\$2,200 00
High school,	1,000 00
Text books,	450 00
Supplies,	300 00
Cleaning schoolhouses and repairing,	200 00

Janitors,	425 00
Fuel,	600 00
Seats for High school hall,	100 00
Repairing So. Windham schoolhouse (new ceiling, floors, painting, new seats, en- larging shed, etc.),	700 00
Smith Heater (for So. Windham),	100 00
No. Windham (floor, shingles, paint, etc.),	250 00
Addition to High school stable,	150 00
Knight school (shed, outhouse, finish entry, etc.),	200 00

The following repairs are also needed, but not quite as urgent:

White (paint, decorate walls),	\$ 75 00
Friends school (repair underpinning, chim- ney, paint inside and outside),	75 00

The additional amount asked for on repairs is this year needed because until last year little has been done of a permanent nature for some years.

STATE OF MAINE

CUMBERLAND, SS.

*To William K. Foster, a Constable of the Town of Windham,
in said County.*

GREETING:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the said town of Windham, qualified by law to vote in town affairs, to assemble at the town house in said town on Monday, the first day of March, A. D. 1915, at nine o'clock in the forenoon to act on the following articles, to wit:

ARTICLE 1st. To choose a Moderator to preside at said meeting.

2nd. To choose all necessary town officers. Polls to open at 9 o'clock A.M., and close at 1.30 o'clock P.M.

3rd. To see if the town will vote to accept the report of the town officers.

4th. To see what sum of money the town will raise for repairs of roads.

5th. To see what sum of money the town will raise for bridges and culverts.

6th. To see what sum of money the town will raise for support of poor.

7th. To see what sum of money the town will raise for contingent expenses.

8th. To see what sum of money the town will raise for Collector's commissions, and abatements.

9th. To see what per cent. the town will allow the Collector for collection of taxes.

10th. To see what sum of money the town will raise to pay town officers.

11th. To see what sum of money the town will raise for the observance of Memorial Day, and how the same shall be expended.

12th. To see if the town will vote to fix the number of Road Commissioners to be appointed by the Selectmen, in accordance with Section 13, Chapter 213, of the Public Laws of the State for the year 1913.

13th. To see what the town will vote to pay Road Commissioners per day, and how much if anything, for travel.

14th. To see if the town will vote to raise the sum of one hundred and forty-six dollars and forty cents (\$146.40) to pay interest on local school fund.

15th. To see what sum of money the town will raise for the support of common schools.

16th. To see what sum of money the town will raise for the support of high school.

17th. To see what sum of money the town will raise for text books.

18th. To see what sum of money the town will raise for fuel for schools, and if any part of same shall be cut on town lot.

19th. To see what sum of money the town will raise for supplies for schools.

20th. To see what sum of money the town will raise for repairs and cleaning school buildings.

21st. To see what sum of money the town will raise for Janitors' services.

22nd. To see what sum of money the town will raise for the care and fencing cemeteries.

23rd. To see what sum of money the town will raise to pay snow bills.

24th. To see if the town will vote to authorize the Selectmen and Treasurer to make a temporary loan in anticipation of taxes if needed.

25th. To see what sum of money the town will raise for destroying browntail moth nests for the ensuing year.

26th. To see if the town will vote yes or no on the question of appropriating and raising money necessary to entitle the town to State aid, as provided in Section 20 of Chapter 130 of the Public Laws of 1913.

27th. To see if the town will appropriate and raise the sum of \$732 for the improvement of the section of State Aid road as outlined in the report of the State Highway Commission, in addition to the amounts regularly raised for the care of ways, highways and bridges, the above amount being the maximum which the town is allowed to raise under the provisions of Section 19 of Chapter 130 of the Public Laws of 1913.

28th. To see what sum of money the town will raise for the maintenance of State highway and State Aid highway during the ensuing year, within the limits of the town, under the provisions of Section 9 and 18 of Chapter 130 of the Public Laws of 1913.

29th. To see if the town will raise the sum of \$150 to pay Portland Water District for rental of hydrants for the ensuing year.

30th. To see if the town will raise the sum of \$52.80 to pay Mallison Power Co. for lights at South Windham.

31st. To see if the town will vote to accept the list of Jurors as drawn up by the Selectmen.

32nd. To see what sum of money the town will raise for repairing the Bodge schoolhouse so called.

33rd. To see if the town will vote to excavatē and place in condition for school use the remainder of cellar at high school and raise money for same.

34th. To see if the town will vote to allow school committee to place Smith heater at No. Windham instead of So. Windham.

35th. To see if the town will vote to aid in transporting students to high school, and raise money for the same.

36th. To see if the town will vote to enlarge school grounds at the Knight school and raise money for the same.

37th. To see if the town will raise the sum of two hundred (\$200.) dollars for the purpose of cutting down the Chute hill so called near Hiram Hawkes' house and widening the road at the foot of said hill.

38th. To see if the town will vote to lower the Kennard hill so called and raise money for the same.

39th. To see if the town will vote to remove ledge on hill near the late J. L. Tukey residence, and raise money for the same.

40th. To see if the town will raise the sum of twenty-seven dollars and fifty-six cents (\$27.56) to pay interest on Cemetery fund.

41st. To see if the town will vote to authorize the school committee to build a fence on the southeast side of high school lot, and raise money for the same.

42nd. To see if the town will vote to publish the Dole manuscript and raise money for the same.

43rd. To see if the town will vote to accept the sum of seventy-five (\$75.) dollars for the care of S. H. LeGrow's lot in Cemetery at East Windham, under same conditions as other funds have been accepted.

44th. To see if the town will vote to give the land damage over the town lot from Gould road so called to Camp Comfort in a straight line from the two points as above, if the same shall be designated by the State Highway Commission as a State road.

45th. To see what sum of money the town will vote to assist in the building of the road from the Gould road so called to Camp Comfort in a straight line if the same is designated as a State highway.

The Selectmen give notice that they will be in session for the purpose of revising and correcting the voting list of voters, at the Selectmen's Office, in Windham, Saturday, February 27th, 1915, from nine o'clock A.M. to four o'clock, P.M.

Given under our hands at Windham, Maine, this 8th day of February A.D. 1915.

W. H. CRAM,
FERDINAND SAWYER,
SAMUEL LARRABEE,
Selectmen of Windham.

ANNUAL REPORT
 OF THE

AUDITOR'S REPORT

I hereby certify that I have examined the accounts of the Selectmen and Treasurer of the Town of Windham for the year ending February 1st, 1915, and find them to be correct.

I also certify that the three temporary loan notes that became due Oct. 25th, Nov. 25th and Dec. 25th, 1914, have been paid and the same destroyed in the presence of the Selectmen and Treasurer.

Respectfully submitted,

H. C. HAWKES, *Auditor.*

Windham, Feb. 6th, 1915.

SCHOOL REPORT

To the Citizens of Windham:

Your school committee submits the following report:

During the last two years much needed work has been done to improve the condition of our school buildings. It has taken quite a large money appropriation, but this should not be charged entirely to these two years. We have tried to see that the town got good value for the money spent.

Last year the Anderson and Kennard were placed in good condition; while this year the J. A. Andrews, Arlington, Knight and Plains were given much needed attention.

At the J. A. Andrews school about \$719.00 was expended. Repairs in the primary or lower room consisted of a hard wood floor, steel ceiling, walls papered, wood work painted and new seats of proper size. The grammar room was divided by a partition, making a very satisfactory three room building with proper entrances and coat rooms. These rooms were wainscoated, papered, painted, whitened and new blackboards installed. The Smith heater could not be used, and owing to the division of the room was not needed.

At the Knight school about \$171.00 was expended for a new woodshed with a girls' closet, hallway (where wood had been stored) was sheathed, plastered, etc., and made usable, walls of schoolroom tinted, chimney rebuilt and capped, brickwork patched, etc.

The Plains school was given a needed coat of paint.

At the Arlington school about \$243.00 was expended. Repairs included shingling one section, laying a hard

wood floor in grammar room and paint for both rooms and hall ways.

The Smith Heater "voted" for So. Windham can well be used in this school.

Repairs needed and recommended now are outside painting for Friends, White and high schools. The Friends needs interior decorating, minor repairs, and chimney rebuilt. The Ireland needs repairs to foundation and also to building caused by action of frost. The White needs interior decorating and minor repairs.

Playground room by purchase or lease is much needed at both the White and Knight.

The school grounds of nearly all our schools need attention when our funds will admit.

Your committee recommend the following appropriations:—

Common Schools

Teaching and transportation	\$2,500 00
Janitor	385 00
Fuel	300 00
	<hr/>
	\$3,185 00

High School

Teaching	\$1,000 00
Janitor	202 00
Fuel	150 00
	<hr/>
	\$1,352 00

Text books	\$400 00
Supplies	400 00
Cleaning and minor repairs (overdrawn, 1914, included)	300 00
Painting, repairs, etc.	
Friends	\$100 00
White	75 00

Ireland	100 00
High	100 00

\$375 00

Transportation to high school	\$600 00
-------------------------------	----------

WM. C. HAWKES,
WM. A. LARRY,
JAS. E. AIKINS.

REPORT OF PRINCIPAL OF THE HIGH SCHOOL

Windham, Maine, Feb. 2, 1915.

To A. H. Carvill, Superintendent of Schools:

This last year at the high school has been one of remarkable progress. The school is fast developing into a larger, better institution, and one which is adjusting itself to the needs of the community.

There were six graduated from the school last June, 1914, and there are eight possible graduates in the present Senior class. There is an increase in enrollment over last year's of nearly 19 per cent., which made it necessary to put in three new desks, making a total of 63. At this rate we will soon have to make serious plans for more accommodations. Last year there were 10 tuition students. This year the registration from out of town numbers 14. The register shows fewer tardy marks than for any long term during last year, and the attendance has likewise improved.

The introduction last fall of a course in Domestic Science necessitated an increase in our teaching force. This department is under the direction of Miss Alice M. Genthner, a graduate of Nasson Institute, Springvale, Maine. The purpose of this course is to give, to the girls who wish to take it, practical instruction in cooking, sewing and household economics. It did not seem quite right to give instruction in Agriculture for the boys and only the ordinary high school curriculum for the girls.

Our Agricultural Department, installed in the fall of 1912, is proving very satisfactory. There are 18 registered in the course and much interest is shown in the

classes. We now have four classes, one for each year. The first year class takes up a study of the soil, its composition and properties, the fertilizing constituents necessary for plant growth, and a study of field crops. Those in the second year study the different types and breeds of farm animals and their care and management. The third year is devoted to a study of fruits and vegetable growing, while in the last year we take up farm management, a study of farm problems, and agricultural engineering. An endeavor is made to give practical laboratory or field work for each class.

Six new horse stalls were built last summer, making 21 in all, a sufficient number to accommodate all who drive to school. I should like to suggest at this time that other improvements, such as some kind of a water system, necessary for chemistry and domestic science, and the excavation of the rest of the cellar, should not be overlooked by the voters of the town on Town Meeting Day.

The teachers here heartily solicit the cooperation of the parents and invite them to make more frequent visits to the high school. May I now express my appreciation of the interest shown and the help given by all the school officials.

Respectfully submitted,

L. J. BROWN, *Principal.*

REPORT OF THE DOMESTIC SCIENCE TEACHER

Windham, Maine, February 1, 1915.

To A. H. Carvill, Superintendent of Schools:

At present the course in Domestic Science includes cooking and sewing.

The girls in the first and second years have one hour each day for practical work in sewing. All the plain stitches, including basting, running, back-stitching, over-casting, hemming, over-handing, gathering, and the ornamental stitches, including featherstitch, hemstitch, buttonhole, and filet crochet are taught.

Darning and patching, the care and use of the sewing machine, drafting and the use of paper patterns are taught.

Cotton, wool, linen, and silk are studied.

The articles made are dusters, dish towels, tablecloth and napkins, sewing bag, sewing apron, cooking cap, guest towel, kimona nightgown, chemise, washdress.

For the third and fourth years a class has been organized that those girls, who will have no opportunity for taking the work of the first and second years, may have some instruction in sewing. This class meets for one hour twice each week.

Instruction in cooking is given in the third and fourth years. These girls are divided into groups of eight, each group having a two hour lesson each week. Once each week we have a recitation period.

Home work is encouraged and credit is given for the work.

Typical foods are studied and prepared, during the season when each is best and cheapest.

Simple meals are prepared and served. During the year each girl has opportunity to serve in the capacity of cook, waitress, host, hostess, and guest. The girls plan these meals and estimate the cost which must not exceed a certain amount.

There is a system of housekeepers by which the general care of the kitchen at each lesson is in charge of two girls.

To supply our need for a tablecloth and napkins the girls have made soups, puddings, etc., and sold these to the pupils. The girls have undertaken this work willingly.

OUTLINE

Written examination

We feel greatly the need of a room by ourselves to use as a kitchen. We would like to have a sink in our kitchen, and a larger and more convenient water supply. Much more could be accomplished if we had the equipment for individual work instead of group work.

We wish to thank the women of Windham and others for the interest which they have shown in the work and for their gifts to the department. At any time we are glad to have the parents visit us and see what we are doing.

Respectfully submitted,

ALICE M. GENTNER.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Windham:

I take pleasure in submitting to you my second annual report as Superintendent of Schools.

TEACHERS

During the fall term two teachers resigned to accept better positions elsewhere. At the beginning of the fall term, which is also the commencement of the school year, it was necessary to engage several teachers to take the place of those who resigned.

It is the plan of your superintendent to increase salaries of teachers who stay in the same school each year a little, as far as the appropriation will allow, until teachers receive about ten dollars, somewhat depending on the character of the school.

Teachers' salaries have advanced in the State this year, as all teachers must now, by State law, hold a State certificate, or State one year non-renewable permit; also board is steadily advancing.

We have been very fortunate as a whole in securing excellent teachers the past year, especially the present force.

TEACHERS

I believe our teachers are the equal of any town not paying higher salaries than we are, and superior to many. We have been able to secure some excellent teachers who reside in this town and neighboring towns, at a salary less

than they could secure further from home, as they are able to return home to spend Saturday and Sunday. I wish to take opportunity of expressing appreciation of the hard work and cooperation of our teaching force.

HIGH SCHOOL

The number of students in our high school has increased from 43 (39+ average) in the spring term of 1913 to 65 (62+ average), a gain of about one-half. This has made a decided increase in the demand for books and supplies. It has even been necessary to purchase new desks to accommodate the increased number of students. If a large or even fair sized class enters next year (the former seems probable), it will be necessary again to increase the seating capacity materially. As the main room is now nearly filled with seats, it is no easy problem. The increased amount received from the State because of the agricultural course has enabled your committee to establish a course in domestic science, which has proved to be very popular and practical. The women of Windham have very generously donated towards the utensils needed. The range and other necessary supplies we have purchased, believing from the interest shown we were justified in doing so.

HIGH SCHOOL

The time has now come when all available space in our high school building is needed. The excavation in the basement should be completed so as to give room for a domestic science room, which is now located in the laboratory, thus cramping the domestic science work as well as the ordinary laboratory work.

PARENTS' AND TEACHERS' MEETINGS

There have been six parents' meetings the past year, three at S. Windham, two at N. Windham, and one at

Windham Center. Among the speakers were Hon. Payson Smith, State superintendent of Schools; Rev. G. E. Pickard, D.D., of Portland, and Miss Katherine C. Angerson, instructor at State Normal School, Gorham, Me., also local speakers.

There have been two meetings especially for teachers, one in the interests of muscular movement penmanship, at which time Miss Louise Gaedke of the A. N. Palmer Co. of Boston, was present, and gave much helpful instruction in the subject. At the other meeting the teachers themselves discussed various topics in regard to school work, the same having been assigned in advance of the meeting.

SCHOOL FAIR

A very successful school fair was held at the close of the school year in June. One-half day was devoted to it, which proved too short for the programme and for those interested to examine the work. It is hoped that an entire day will be given over to it this year. The idea of the fair was to show to the citizens the work that was being done through the year in our schools, and to encourage the pupils. The fair was well attended and much interest shown.

LIBRARIES

Through donations, sale of certificates, etc., the common schools are now supplied with nearly four hundred volumes of books suited to the ability of the various grades.

The Sephronia Hopkins Society for the Prevention of Cruelty to Animals presented the schools of Windham and Raymond with fifty-two volumes last year and has recently made a grant of twelve copies to the White school. Another friend of the schools has presented the Newhall schools with twenty books. A little over three hundred

volumes were secured by the Hawthorne certificate plan.

I wish to thank those who have made it possible for the children to enjoy these books and profit by them.

TEXT BOOKS

There has been but little change in text books in our common schools the past year. The grammar Steps in English has been replaced by the Modern English series. The Palmer Method of Penmanship has been introduced into the schools this year. This is a muscular movement system which offers a free correspondence course to teachers where the method is adopted, believing that teachers cannot teach what they do not know.

This system is used more, I believe, than any other system in Maine, having been adopted by the State Normal schools and many other places. It is hoped that parents will investigate at the school fair and elsewhere near the close of the year to find out whether or not the pupils as a whole are making reasonable advancement in this respect.

Because of the increased number of students and courses the needs of the high school has been more than usual.

MISCELLANEOUS

I find the voters of Windham very ready to appropriate money provided it is carefully expended, which in every case I have tried to do.

Through the courtesy of Hon. Asher C. Hinds many of the schools have been supplied with large ($5\frac{1}{2}$ ft. x 7 ft.) cloth back maps of the United States on rollers.

By a like kindness the majority of our schools have been supplied by the State railroad commissioners with paper maps of Maine ($3\frac{1}{2}$ ft. x $2\frac{1}{2}$ ft.).

By consent of the parents at the Bodge school the pupils have been conveyed to the J. A. Andrews school,

and as far as I know this arrangement has given entire satisfaction to the majority.

I have been notified by the State Superintendent that money for fuel and janitor service in high school and common schools must be raised separately, thus the request for a separate appropriation for each.

It does not seem to be understood by many in town how a domestic science teacher was added to our high school. The town of Windham received this year nearly three hundred dollars more from the State than ever before because of work in agriculture done at the school. This money can be used only to pay high school teachers (not for common schools, books or anything else). Tuition money for attendance at high school must be used in a like manner. Thus the only extra cost to the town was books and supplies. The State also makes a similar allowance for domestic science, which will be received in fall of 1915. Another thing that does not seem to be well understood is the salary received by your superintendent. He receives from the town of Windham twenty-five dollars (\$25.00) a month, three hundred dollars a year. This can easily be seen by consulting salaries of town officers on another page of this report.

The balance of his salary is received from the State and the town of Raymond.

A janitor has been employed since the commencement of the fall term at the J. A. Andrews school, as it seemed necessary in the judgment of your committee and superintendent to do so in order that the school building, which has been thoroughly repaired, might be well cared for.

I wish to thank the school board and citizens who have so kindly helped me in my work the past two years; also the women of Windham, who have so kindly helped the domestic department at the high school.

Respectfully submitted,

A. H. CARVILL, *Supt. of Schools.*
